Carl Friedrich Goerdeler-Kolleg for Good Governance 2013/2014

In cooperation with:
German Council on Foreign Relations (DGAP)

The Goerdeler-Kolleg fellowship program

further qualifies the next generation of executives from Armenia, Azerbaijan, Belarus, Georgia, Moldova, Russia, Turkey and Ukraine in the field of good governance and thus fosters responsible action in the public sector (public administration, public companies, non-profit organizations, etc.). The Kolleg is named after the administrative lawyer and member of the German resistance Carl Friedrich Goerdeler (1884–1945).

The Kolleg enables you to

- :: gain further qualification in seminars and actively participate in discussions and project workshops,
- :: establish contacts in Germany, the EU and participants' countries, and
- :: contribute to the development of good governance and administrative reforms.

The program is comprised of four elements:

- :: a three-week seminar in Berlin and Warsaw from August 31 to September 21, 2013,
- :: project implementation in your home country from October 2013 to August 2014,
- :: a mid-term seminar in February 2014, and
- :: a concluding seminar in Berlin in August 2014.

The Goerdeler-Kolleg will focus on:

Acting responsibly:

The participants are trained in the fields of administrative reforms and modernization as well as good governance.

Looking behind the scenes:

The participants learn about political processes and how good governance is implemented in Germany and the EU. They are thus able to gain exclusive insights into political life and establish contacts.

Create sustainably:

The participants develop their own project with reference to their home institution, are trained in project management and implement their project throughout the year.

»Changing society not only requires good will,
but also courage and knowledge.«
